The world's most advanced 46cm cutter at the world's best price.

The totally new 46cm cutter offers print and copyshops all the features previously found only on very large professional machines that cost £1000's more.

Compare with the others: full 46cm cutting table depth, others offer only 35cm, extra deep 23cm front table for cutting longer sheets, others offer only 15cm, electrically powered paper press, no more sheet slippage when cutting glossy paper, other use a manual press or weak springs, deepest cutting depth in its class up to 5cm, other have only 3 or 4cm depth, servo controlled backgauge with 1 program, with push out function! Others have only manual backgauge settings. HSS knife*, more than 12000 cutting cycles before regrinds! Full LCD display with keyboard! Others only offer no display at all or as an expensive option. Overhanging front guard for long paper. ***Amazing features for an outstanding price***

*HSS knife optional not standard.
