The world's best value 46cm cutter!

The totally new 46cm cutter offers print and copyshops all the features previously found only on very large professional machines that cost £1000's more.

Compare with the others: full 46cm cutting table depth, others offer only 35cm, electrically powered paper press, no more sheet slippage when cutting glossy paper, other use a manual press or weak springs, deep cutting depth, other have only 3cm depth, Full LCD display with keypad! Others only offer no display at all or as an expensive option. Overhanging front guard for long paper.

Amazing features for an outstanding price
