## ***The world's best value multifinisher!***

The X-Press OnDemand Easy Multi-Finisher – Crease/Perforate/Slit has been designed from the ground up to save time and money. It can take paper up to around 400gsm (for creasing) and crease/perf/slit it in a number of ways.

**Compare the value with any other machines:** The new X-POD Easy Multi-Finisher is a totally new development based on simple cost effective design to give you more value for money. Crack-free folding on card stock with digital print, user training less than 5 minutes, easy to crease up to 30 lines on card material up to 0.40mm thick and to 650 long x 330 wide, easy to memorize the jobs with 30 programs, easy to get the job done fast, process time 0,9 sec / A4 sheet, easy to invert the crease direction, or add from 1 to 8 perfining tools, easy to set up the line position in just 3 touches of the keyboard, easy to alter the crease depth in moments, easy to feed the sheets on the spacious infeed table,

***Amazing features for an outstanding price***
